SUMMARY

Motivated Bachelor of Computer Applications (BCA) student at Jain (Deemed-to-be University) with an academic record of 9.25 CGPA and certified foundational competencies across Java, Python, C, and Data Structures. Experienced in building responsive web applications using HTML5, CSS3, and JavaScript, backed by active version control on GitHub and cloud hosting on Netlify. Adept at core software principles, database workflows, and leveraging Generative AI for data analysis.

EDUCATION

Bachelor of Computer Applications (BCA) | Jain (Deemed-to-be University), Bengaluru, India | 2025 – 2028

- CGPA: 9.25 / 10 (Sem 1: 9.2 SGPA | Sem 2: 9.3 SGPA)
 - Relevant Coursework: Data Structures & Algorithms, Java, C, Database Management Systems (DBMS), Python, Computer Networks
- Pre-University Education (PCMB)** | KLE Independent PU College, Nagarbhavi, Bengaluru | 2020 – 2022
- Score: 55%

TECHNICAL PROJECTS

Multi-Outlet Restaurant & Digital Menu Platform (In Progress) | HTML5, CSS3, JavaScript (ES6+), LocalStorage, Responsive Web Design

- Architecting a multi-location web application for The Bengaluru Cafe covering branches across Bengaluru (Jayanagar, Malleswaram, Basavanagudi) and Mumbai (Juhu).
- Implementing dynamic branch-selection logic updating operational timings, branch hotlines, and integrated Google Maps locations.
- Building a mobile-first digital menu with category filtering (Breakfast, Tiffin, Beverages) and streamlined ordering workflows.
- Leveraging CSS Flexbox and Grid architecture to guarantee cross-device fluid responsiveness and sub-second load performance.

Personal Portfolio Website (Live) | HTML5, CSS3, JavaScript, Git, GitHub, Netlify

- Designed and deployed an interactive, mobile-optimized personal portfolio hosted on Netlify to showcase projects and technical competencies.
- Integrated DOM manipulation with vanilla JavaScript for smooth scrolling, interactive cards, and structured layout transitions.
- Configured continuous deployment pipelines triggered by Git repository commits via GitHub.

TECHNICAL SKILLS

Programming: Java, Python, C

Web Technologies: HTML5, CSS3, JavaScript (ES6+), Responsive Design

Core Concepts: Data Structures & Algorithms (DSA), OOP, DBMS, Computer Networks

Tools & Platforms: Git, GitHub, Netlify, VS Code

Spoken Languages: Kannada (Native), English (Professional), Hindi (Conversational)
